

Inkjet Supplies

We have many items in stock that are not listed here. If you do not find what you need, please call us.

For inkjet Media and Equipment for printing and plotting your plans, designs, maps, renderings, and artwork, Napco stands apart. We have a massive assortment of supplies for every application and all major machine brands. We are committed to providing the highest quality products at competitive prices. We set the industry benchmark for products that provide increased value by maximizing uptime, plus, we offer unbeatable delivery time. Because of all this...thousands of companies choose Napco's Supply Department to help them make consistent/exceptional plots and many turn to us for more unusual imaging needs like specialty films and high-quality color inkjet media.

P19B Economy Inkjet 20lb. Bond

This opaque plotter bond is a smooth cellulose based paper manufactured specifically for use in high speed Inkjet plotters. It is coated to reduce cartridge wear, maximize ink take, and optimize drying time. P19B is faster and more consistent than untreated bond papers.

Premium Inkjet 24lb. Bond

If you are watching your wallet but want your inkjet prints to be more readable, this is the paper for you. The heavier weight and brightness makes your everyday plots look better.

Item#	Description
804N	24"x 50 yd roll (4 roll minimum) price/roll
804P	36"x 50 yd roll (4 roll minimum) price/roll

Economy Color Inkjet 24lb. Bond - Coated

The combination of a proprietary, water resistant, inkjet coating along with a high quality base paper produces a great printing surface for CAD and graphic applications. This is a super media for your everyday needs.

Item#	Description
824N	24"x 50 yd roll
824O	30"x 50 yd roll
824P	36"x 50 yd roll
824Q	42"x 50 yd roll
824N300	24"x 300 ft roll
824O300	30"x 300 ft roll
824P300	36"x 300 ft roll
824Q300	42"x 300 ft roll

Premium Color Inkjet 27lb. Bond - Coated

Formulated for higher resolutions, this bond allows a broader color graphics spectrum for those critically demanding applications such as full color graphics and poster prints. The extra weight reduces reverse side show through and waving problems associated with heavy ink coverage. Low dot gain, crisper, cleaner finished prints.

Item#	Description
847N	24"x 150 ft roll
847O	30"x 150 ft roll
847P	36"x 150 ft roll
847Q	42"x 150 ft roll
847P300	36"x 300 ft roll

JM4 .004 Erasable Double Matte Film

Our JM4 film offers a 4 mil. base and a high contrast pigmentation which gives superior results for photographic as well as diazo reproduction. Unlike many competitive brands of Inkjet films, our film offers a truly erasable surface with excellent redraw characteristics.

Item#	Description
JM4N	24"x 120 ft roll
JM4O	30"x 120 ft roll
JM4P	36"x 120 ft roll
JM4Q	42"x 120 ft roll

P18TB Inkjet 18lb. Translucent Bond

Our 100% hybrid cellulose base paper duplicates the characteristics previously only found in 100% cotton fiber products. Get the reproduction characteristics of vellum at 1/3 the cost, without lines bleeding or skipping. It even accepts water based inks (vellum will not). Excellent for check plot applications where more than one person needs a copy.

Item#	Description
P18TBNN	22"x 50 yd roll (4 roll minimum) price/roll

RSK Premium 36lb. PageWide HeavyWeight Color Paper

Our Heavyweight Premium Color Paper is perfect for proofing applications. The coating provides brilliant, crisp images and the heavy weight of the product eliminates show-through.

This heavy weight paper will provide you with a durable output capable of handling heavy volume ink saturation.

Item#	Description
RSK 49 224 PW	24" x 200 ft roll
RSK 49 236 PW	36" x 200 ft roll

RSK Double Matte Pagewidth Film

A double matte film with an exclusive inkjet coating that offers fast drying times combined with unparalleled line uniformity and density. This film is the singular choice for PageWide inkjet plotting.

Item#	Description
RSK 44 124 PW	24" x 150 ft roll
RSK 44 130 PW	30" x 150 ft roll
RSK 44 136 PW	36" X 150 ft roll

RSK 4.5 mil PageWide Tornado Bond

Experience awesome durability and tear resistance with Tornado Bond Media.

It is designed for use in both indoor and outdoor applications. Its water-resistant surface, combined with pigmented inks, provides the fade resistance and durability you'll need for outdoor banner applications. Durable plansets made with Tornado bond handle jobsite wear and tear infinitely better than their plain bond cousins. Perfect for short-term graphic posters and signage

Tornado Bonds versatility is a force of nature.

Item#	Description
RSK 50 224 PW	24" x 200 ft roll
RSK 50 230 PW	30" x 200 ft roll
RSK 50 236 PW	36" x 200 ft roll

RSK 8 Mil PageWide Poster Matte

A Universal Matte photopaper that dries in a flash and takes dye, pigment, thermal and piezo ink. This photo matte offers high quality and fast dry times at exceptional prices. A sure winner whether it is for in-house use or the resale market.

Item#	Description
RSK 51 124 PW	24" x 100 ft roll
RSK 51 136 PW	36" x 100 ft roll

RSK 8 Mil PageWide Photo Gloss

Premium Photo Gloss is a high quality photo gloss media with a microporous topcoat that provides instant dry and water-fastness. It's special white point setting allows for deep blacks without loss of shadow detail using dye, pigment, thermal or piezo inks.

Item#	Description
RSK 69 124 GPW	24" x 200 ft roll
RSK 69 136 GPW	36" x 200 ft roll

RSK 8 Mil PageWide Satin Photogloss

Premium Photo Gloss is a high quality photo satin media with a microporous topcoat that provides instant dry and water-fastness. It's special white point setting allows for deep blacks without loss of shadow detail using dye, pigment, thermal or piezo inks.

Item#	Description

Xerographic - LED - Solid Ink Supplies

We have many items in stock that are not listed here. If you do not find what you need, please call us.

Our friendly, knowledgeable staff works with you to help you choose printing and copying supplies based on your needs. We offer supplies that protect your equipment investment from contaminants and provide materials that assure the longevity of your engineering documents. Our 25 delivery trucks throughout New Jersey and New York - get you your supplies FAST. In most of our territory, stock items ordered in the morning are delivered that afternoon, the same day!

Xerographic 20lb. Bond (Taped* or Untaped - for taped specify "xt" when ordering)

*Available in "taped" rolls for use in Xerox equipment, you would simply add "xt" to the item number or specify that you require a taped roll when ordering. If you are not sure which you need, we will gladly help. Designed specifically for LED plotters and engineering copiers, this opaque bond is manufactured to resist curl and static. Features bright white background for strong visual contrast at an economical price.
